### SUMMARY

In this far-reaching work, Swen Hutter demonstrates the usefulness of studying both electoral politics and protest politics to better understand the impacts of globalization. Hutter integrates research on cleavage politics and populist parties in Western Europe with research on social movements. He shows how major new cleavages restructured protest politics over a thirty-year period, from the 1970s through the 1990s. This major study brings back the concept of cleavages to social movement studies and connects the field with contemporary research on populism, electoral behavior, and party politics.

Hutter's work extends the landmark 1995 *New Social Movements in Western Europe*, the book that spurred the recognition that a broad
