Positions

Alan Bass (ed.)

University of Chicago Press (1982)

Abstract

Positions is a collection of three interviews with Jacques Derrida that illuminate and make more accessible the complex concepts and terms treated extensively in such works as *_Writing and Difference_* and *_Dissemination_*. Derrida takes positions on his detractors, his supporters, and the two major preoccupations of French intellectual life, Marxism and psychoanalysis. The interviews included in this volume offer a multifaceted view of Derrida. "Implications: Interview with Henri Ronsboeuvre" contains a succinct statement of principles. "Seminology and Grammatology: Interview with Julia Kristeva" provides important clarifications of the role played by linguistics in Derrida's work. "Positions: Interview with Jean-Louis Houdebine and Guy Scarpetta" is a wide-ranging discussion that touches on many of the polemics that Derrida's work has provoked. Alan Bass, whose translation of *_Writing and Difference_* was highly praised for its clarity, accuracy, and readability, has provided extremely useful critical notes, full of vital information, including historical background
