Author(s) : [BREWSTER, H.](#) ; [THOMAS, C. Y.](#)

Book : [The dynamics of West Indian economic integration.](#) 1967 pp.xx + 335 pp.

Abstract : Part I describes the structure and development of West Indian trade and comments on the concept, history and possible form of integration. Part II deals with integration with reference to industry, agriculture, and the economy. Part III deals with the issues raised by regional industrial programming, and by sectoral integration, notably in the meat and fish industries. It is seen that economic integration is not regarded as a universal remedy but as one major aspect of a general strategy for developing the region. S.K.
