### Medicine and surgery of South American camelids: llama, alpaca, vicuna, guanaco.

Author(s) : [Fowler, M. E.](#)

Author Affiliation : School of Veterinary Medicine, Davis, CA 95616, USA.

Book : [Medicine and surgery of South American camelids: llama, alpaca, vicuna, guanaco.](#)

No.Ed. 2 pp.vii + 549 pp. ref.677 fig., many

Abstract : The author states that some 1300 references to veterinary aspects of llamas, alpacas and guanacos have appeared since the first edition of this book, and that these have been incorporated in the new edition. The number of llamas in South America was put at 120 000, and alpacas at 20 000, most of them privately

pets. These animals were also being imported into other areas of the world need for a specific textbook. The format of this second edition is similar to t with two new chapters on conformation and disaster management. Some o have been considerably revised while others did not require much changing; critical dosage error on page 135 (Chapter 6) under Anaesthesia: the dosag ketamine should be 2.5 mg/kg and not 25 mg/kg as stated].
