## An Analysis of the Teaching Aids Provided for Sunday School Teachers in The Church of Jesus Christ of Latter-day Saints

[Kevin Douglas Whitehead](#), *Brigham Young University - Provo*

### Abstract

Teaching is, and always has been, important in the work of The Church of Jesus Christ of Latter-day Saints. As one of the auxiliaries of the Church, the Sunday School is an ongoing effort to provide effective teaching aids for its teachers. This work documents and examines the use of teaching aids in instruction in the Church. This work documents and examines the use of gospel teaching over the course of a century. By comparing the use of Gospel Doctrine teachers in different time periods with guidelines and words of modern prophets this work seeks to increase understanding of the fundamentals of inspired teaching in the Church.
