## Economic analysis of agricultural projects.

Author(s) : [Gittinger, J. P.](#)

Author Affiliation : Economic Development Inst., World Bank, Washington D.C., US

Book : [Economic analysis of agricultural projects](#). 1982 No.Edn 2 pp.526 pp.

Abstract : This book is written to provide those responsible for agricultural projects in developing countries with sound analytical tools to estimate the income-generating potential of proposed projects. The analytical system outlined is a consistent one with the general methodology currently employed by the World Bank for most of its economic analyses. The economic analysis in this system is based on "efficiency price" analysis which show the effect on national income, whereby national income is broadened.

the total aggregate of the revenues realized on individual farms, in process or other revenue earning entities and governmental agencies. The project which is most likely to contribute the largest amount to national income can be determined. KEYWORDS: RURAL | Agricultural development | economic analysis | benefit analysis | methodology | agricultural projects | project appraisal.
