SUMMARY

Rainer Maria Rilke was first published in 1958. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions.

The German poet Rainer Maria Rilke died in 1926, and interest in his poetry has been mounting ever since. The winds of fashion, taste, or personal bias have shifted several times to affect his audience of readers. There have been, according to previous Rilke criticism, not one but many Rilkes. Thus the critics have pointed to the "early Rilke" and the "late Rilke," to the Prague poet, the Paris poet, and the Muzot poet.
