Abstract

This final report is aimed in designing a Storybook of Puyang Rajo Api to Preserve the Cultures of Besemah of this final report is to find out the steps in designing a story book entitled Puyang Rajo Api in order to of intangible cultures from Basemah. In writing this final report, the writer used the modification of Research Method from Borg and Gall (1983). Using two main steps in Research and Development Method: Research Development Steps, the modification was conducted due to the limitation of the time and money. The Steps of: Research and Information Collection; and Interviews. After the data were collected from the Research were used to develop the product into Development Steps. The Development Steps consisted of planning, testing, revision, final product, and dissemination. The results revealed that in designing the storybook by the writer and supported by some expert's suggestion for better final version. The writer prepared the designing the storybook. All collected data were inserted to the storybook and arranged into a good design printed version. It was reviewed by three experts: design, content, and language. The reviews pointed out items need to be revised. First, the design expert reviewed on the font, the pictures or icon, color and the language expert corrected the grammar and the diction of the text. Having all the reviews addressed, the into a final version.

Item Type: Thesis (Other)

Uncontrolled Keywords: Designing, Storybook, Puyang Rajo Api, Besemah region
