usually known as country music films. By closely scrutinizing this thesis aims to reveal how country music—as music numbers integrate and connect the fragmented on-screen world for the offer audiences a fullness of utopian experience, and how this culturally significant for American audiences due to country music of constructing utopia and nostalgia in its past-orientations, seek authenticities. I argue because of the American country music as an individual and social agent, *Pure Country*, as well as the music defined by *Pure Country*, reconciles the pop and the old also conciliates the tension expressed in such music tastes between communities. This reconciliation makes *Pure Country* a not so documenting country music's authenticity and origin, but fully utopian meaning of country music on an individual and social
