About ASM:

ASM International® is a Society whose mission is to gather, process and disseminate technical information. ASM fosters the understanding and application of engineered materials and their research, design, reliable manufacture, use and economic and social benefits. This is accomplished via a unique global information-sharing network of interaction among members in forums and meetings, education programs, and through publications and electronic media.

About the Editors:

Michael M. Avedesian received a bachelor's degree with honors in chemical engineering from McGill University in Montreal in 1969 and a Ph.D. in engineering from Cambridge University in England in 1972. From 1972 to 1983, he worked for Noranda Inc. in various functions including R&D in pyrometallurgical and hydrometallurgical processes, operations, and finally as Manager of Project Engineering. In 1983, he joined Domtar as Director of Corporate Research and Manager of Business Development for the Industrial Minerals Business Unit. In 1989, he was appointed President and COO of the
