A mild-mannered actuary, Fletcher Weschel lives at the crossroads of Bland and Humdrum—or so he thinks until a cosmic contest catapults him into the fantasy world he made up as a boy. Suddenly his childhood bedroom is aswarm with aliens, all bent on discovering the human who best personifies their mission—in this case, the deeply serious pursuit of fun.

Ejected from the boring comfort of his office chair, Fletcher finds himself astride the bare back of a horse, in front of a safe (that he happens to be cracking), and then . . . in the cabin of a weight-loss camp for kids? Apparently adventures come in all shapes and sizes, and it's up to Fletcher to make the most of these. conducted by his alien guide.
