Abstract Cynthia Skenazi explores in this book a shift in attitudes towards aging and provides a historical perspective on the Renaissance: Stories of Later Life from Petrarch to Montaigne. Cynthia Skenazi explores a shift in attitudes of our time. From the late fourteenth to the end of the sixteenth centuries, the elderly subject became a popular theme in the Alps. A movement of secularization tended to dissociate old age from the Christian preparation for death. Health care, intergenerational relationships, and accrued insights one might wish to pass along. Such changes in later life. This title was made Open Access by libraries from around the world through Knowledge Unlatched.
