## Deciduous forests of Eastern North America.

Author(s) : [Braun, E. L.](#)

Book : [Deciduous forests of Eastern North America](#) 1950 pp.xiv + 596 pp. ref.538

Abstract : The author's purpose is stated to be: -(1) to give a broad and complete account of the entire deciduous forest, portraying first what is (or was) present in a geographic area and attempting to reconstruct the pattern of original forest communities from data on composition and aspect of forest communities in all parts of the deciduous forest and (3) to trace through geological time the development of the present pattern of distribution. KEYWORDS: plant ecology \ plant succession \ vegetation types \ USA

Record Number : 19500600175

Publisher : Blakiston Co.

Location of publication : Philadelphia; Toronto.

Country of publication : USA; Canada

Language of text : English

Language of summary : English

Indexing terms for this abstract:

Descriptor(s) : biodiversity, communities, deciduous forests, ecology, forests, plant succession, spatial distribution, vegetation types

Identifier(s) : United States of America

Geographical Location(s) : North America, USA

Broader term(s) : America, APEC countries, Developed Countries, North America,
