Abstract
Swedish weavers who arrived in the United States in the early War I found hand weaving a dying art in the United States, but valued. American textile mills produced inexpensive and vast there was also growing interest in reviving the lost arts and crs pioneer eras. Influence from the European Arts and Crafts m design philosophy was growing in modern America. These fac opportunities for a revival of hand weaving.
Sweden, by contrast, had retained its strong craft tradition in the face of late-arriving industrialization. A system of preservation societies and craft schools and in arts and crafts schools in Sweden meant widely known and valued. For Americans interested in weaving, Sweden and Swedish sources became an important source of tools, yarns, books and personal instruction. Swedish weavers teaching weaving in several American craft communities, art centers, to WWII. Some Americans visited Sweden and other Scandinavia weaving education and inspiration, a cross-cultural experience by computer access.

This study highlights Swedish weavers whose presence was featured in American weaving and craft publications and organizations. The *Handicraftsman, Handweaver & Craftsman, Shuttle, Spindle and Dyepot* and *Handwoven* magazines between 1924 and 1970 were examined and followed up with archival research and personal interviews.
