Title: Understanding pictures

Author: LOPES, Dominic;

Publication year: 1996

Language: English;

Abstract: The book is based on the author's doctoral thesis originally presented under the title Pictures as perceptual symbols (Oxford, 1992). Develops a scheme for categorizing the different ways pictures represent - the different kinds of meaning they have - value lies in its representational diversity. Also offers an account of the phenomenology of pictorial experience, comparing pictures to visual prostheses like mirrors and binoculars. Concludes with a discussion of works of art which have made issues raised for understanding the aesthetics of pictures.
