How my daughter learned to read at home

Australian Journal of Reading
Volume 4 Issue 1 (Mar 1981)

Yates, John

Abstract: Emma was our typical two year old. I was enthusiastically involved in a course on Reading, and my wife was worried. "You are not teaching our daughter to read before she starts school!" I'm not quite sure what prompted this response, but it may have been the book in my hand with the title, How to teach your baby to read.
