Oribatid mites: an interactive glossary to oribatid mites, an interactive key to oribatid mites of Australia.

Author(s) : [Hunt, G. S.](#) ; [Norton, R. A.](#) ; [Kelly, J. P. H.](#) ; [Colloff, M. J.](#) ; [Lindsay, S. M.](#) ; [Walter, D. E.](#)

Author Affiliation : Australian Museum, 6 College Street, Sydney, NSW 2000, Australia

Book : [Oribatid mites: an interactive glossary to oribatid mites, an interactive key to oribatid mites of Australia.](#) 1998 pp.iii + 28 pp. ref.18

Abstract : A CD containing an interactive glossary, to help users become familiar with the terms used in the classification of oribatid mites [Cryptostigmata], matching

images and allowing extensive cross-references to other terms, images and the literature, and an interactive key for identifying Australian cryptostigmatid family, genus or species. The database contains over 80 families, 160 genera and species, nearly all of which are illustrated, as are most of the 280 characters states used. Minimum operating requirements are an 80486 processor (Pentium recommended), a 16 Mb RAM, a video card and monitor capable of 640x480 pixel display (a lower resolution may be used but requires user to scroll images), a 2-button mouse and Windows 3.1, 95 or NT4. A user guide is included in the package.
