

# String figures matter: Embodied knowledge in action.

## String figures matter: Embodied knowledge in action

**Source:** Craft Research . Oct2014, Vol. 5 Issue 2, p221-229. 9p.

**Author(s):** Eastop, Dinah

### **Abstract:**

Understanding the interaction of maker and what is made is important for craft research. The position taken in the making of string figures (sometimes known as cat's cradles) provides a useful model of, and for, the interaction and what is made. String figures are both artefacts and representations, and making them is a process of embodied knowledge.
