Published: 12 November 2013

Abstract

John Frederick Adrian Sprent was the outstanding figure in Parasitology in Australia in the twentieth century. He established and held the Chair of the Department of Parasitology at the University of Queensland from 1956 to 1983. He was internationally recognized by parasitologists, both for his work on ascaridoid nematodes and for his huge contribution as Editor-in-Chief of the *International Journal for Parasitology* from 1974 to 1993.
