Agricultural chemicals - book II, herbicides.

Author(s) : [Thomson, W. T.](#)

Book : [Agricultural chemicals - book II, herbicides.](#) 1983 pp.285pp.

Abstract : Designed as a guide to agricultural chemicals and their uses, this revision updates information on commercially available herbicides and includes compounds still in the experimental stages. There is an alphabetical list of herbicides followed by sections on phenoxy, benzoic, acetic acid and phthalic compounds, anilines, nitrites, amides, acetamides, anilides, carbamates, heterocyclic N derivatives, metal organics and inorganics and other herbicides. The chemical name of each herbicide is described and data on formulations, uses, weeds controlled, rate of application, related mixtures and precautions are given. The glossary contains information on sprayer calibration, formulae and conversion tables.
