Abstract : " The publication of a collected edition in English of the works of C. Raunkiaer is a considerable event in the history of the science of vegetation. Speaking students of the subject all over the world have reason to be grateful to the Danish committee which conceived the plan and helped to finance the under-

as to the Clarendon Press for the admirable manner in which they have produced the book." (From the Introduction, by Professor A. G. Tansley.)

The book is comprised of seventeen chapters, arranged in the chronological order of their appearance, for the most part in Danish periodicals. The plates contain 189 photographs.-G.M.R.
