Title: Discrete Mathematics and Its Applications

Authors: [Rosen, Kenneth H.](#)

Keywords: Mathematics | Computer science | Toán h c | Toán r i r c | Khoa h c máy tính

Issue Date: 2011

Publisher: New York : McGraw-Hill,

Abstract:

Includes indexes. "Discrete Mathematics and its Applications, Seventh Edition", is intended for one- or two-term introductory discrete mathematics courses taken by students from a wide variety of majors, including computer science, mathematics, and engineering. This renowned best-selling text, which has been used at over 500 institutions around the world, gives a focused introduction to the primary themes in a discrete mathematics course and demonstrates the relevance and practicality of discrete mathematics to a wide a wide variety of real-world applications!from computer science to data networking, to psychology, to chemistry, to engineering, to linguistics, to biology, to business, and to many other important fields.
