2011

Date Issued

2011-01-01

Date Available

2012-03-14

ISBN

9781433809910

Abstract

Excerpt: "...The focus of this chapter is on assessing coparent families...Material draws on both the theory and practice of c methods, procedures, and tools of researchers. The aim is to l better grounded in measurement and in the real-life complex to help clinicians already very familiar with the lives of the pec better versed in evaluating what they are doing ..." (p.149)
